Player Agents and Coaches: This will be greatly appreciated and help myself and Andrew work on field improvements and being able to line fields versus repairs daily. This also will help ensure concession is open on time. If at any time someone has an idea or see's a problem on a field write a note and put it in field director box in concession.

Everyone let us take pride in our fields. Once this is enforced the habit will carry on throughout the years.

Thank you,

Josh Meier
